The World Languages placement exam is designed for Boise State students wishing to take either French, German or Spanish courses as part of their degree requirements. It is internet-based so it must be taken on a computer and it must be proctored. Many Boise State students do not live in the Boise area, so we would like to provide a remote testing option to facilitate the registration process.

In order take advantage of this option, please complete the following steps:

1) Select a test center to administer your exam. Go to the Consortium of College Testing Centers (CCTC) website at [http://www.ncta-testing.org/cctc/index.php](http://www.ncta-testing.org/cctc/index.php). Colleges and universities listed on this website are approved to administer the Boise State University Modern Languages and Literatures placement test. Locate the college or university closest to you.

2) Contact the test center at the college or university closest to you that is on the CCTC list and make sure that they can administer an internet-based test.

3) Get the following information from the test center staff:

   Student Name _____________________________________ Student ID# __________________________________
   Name of Test Center Proctor __________________________ College/University _____________________________
   Email address for Test Center Proctor __________________________________________________________________
   Phone number for Test Center_________________________ Fax number for Test Center ______________________

After you have collected this information, contact Boise State Testing Services office at 208-426-2762. You will need to pay a $10 test fee over the phone using a credit or debit card. We will e-mail the test instructions and access codes to the test center at the college or university you have designated.

4) Schedule an appointment with the test center you have designated. You will be responsible for any test fees that this center charges.

If you do not see a college or university near you on the list, contact Nancy Ness, Boise State University Testing Services Coordinator, to discuss possible alternatives. Her number is 208-426-4029. Her e-mail is [nness@boisestate.edu](mailto:nness@boisestate.edu).

Placement testing for languages other than French, German or Spanish must be arranged through the Boise State University Department of World Languages at 208-426-3956 or [ldawkins@boisestate.edu](mailto:ldawkins@boisestate.edu) or [arantzaugalde@boisestate.edu](mailto:arantzaugalde@boisestate.edu). For a complete list of languages offered at Boise State, see [http://modlang.boisestate.edu/](http://modlang.boisestate.edu/)
